Hack Saw Blades

- Point-of-purchase packaged in pouches of 10 blades each.
- Improved quality for longer life and faster cutting.

HIGH SPEED STEEL: Lasts up to 3 times longer than ordinary carbon blades on medium and tough sawing jobs, including cut-off work on structurals as well as vertical contour sawing. Cuts tough, hard materials fast.

BI-METAL BLADES: Combines the advantages of two special metals into one. The cutting edge is made of high-speed steel for long cutting life, welded to a carbon steel backing for flexibility.
